PRICE, FIVE CENTS.

A BIG FIGHT SURE.

Fellow Servant Bill the Order for Thursday.

THE TWO ELECTION BILLS.

The Senate and House Disagree and a Conference Committee Has Been Appointed.

Special to the DEMOCRAT.

JEFFERSON CITY, Mo., May 7.—Next Thursday at 2 o'clock the senate will formally inaugurate the big fight over fellow-servant legislation. Today the committee on labor, through Chairman Baskett, presented for passage the railroad fellow-servant bill as agreed upon in committee last night.

Senator Peers offered, as an amendment, his bill creating an insurance plan whereby the companies must insure their employees. After an informal discussion the entire matter was made a special order for Thursday. Undoubtedly there will be a lively discussion at that time. Senators Baskett, Yeater and Kennish will lead the fight for a fellow-servant bill applying exclusively to railroads.

Today the senate refused to recede from its amendments to the Filley election bill and appointed as a conference committee Senators Dunn, Love and Mott.

Putting the House on Record.

Mr. Davidson, of Marion, presented a resolution this morning requiring the committee on labor to report to the house at once all the fellow-servant bills which have been held up in committee since April 23. In support of the resolution Mr. Davidson said that it was wrong for the house to meet every day and after hearing the chaplain pray for divine guidance on its deliberations, adjourn and go fishing.

The discussion on the resolution took an extensive scope. Mr. Bothwell, of Pettis, opposed it. Mr. Davidson, Avery, Drabelle and Julian favored it.

The resolution put the republicans in a dilemma. They didn't want to adopt it and they hated to go on record as opposing it. Finally a motion to adjourn until 10 o'clock Wednesday was defeated by a vote of 49 to 62, and the resolution was put over until afternoon.

Anti-Lobby Bills.

The senate committee on criminal jurisprudence held an interesting session this morning and prepared an anti-lobby bill with some ridiculous features. The general section provides that no person shall appear before a legislative committee except on invitation, and then they must be officers of corporations which they represent.

Two amendments were added, one making it unlawful for newspapers to attempt to influence legislation by abusing, lampooning, caricaturing or otherwise attempting to intimidate the members of the general assembly. Any violation of this section is punishable by a fine of not less than \$1,000 nor more than \$5,000.

Another amendment makes it a misdemeanor, punishable by fine, for any person to communicate with the governor by writing, telegraphing or speaking to influence his action on any bill pending before him unless the governor makes the invitation general.

SMELTERS CLOSE DOWN.

All the Employes in Pittsburg Factories Walk Out.

PITTSBURG, Kas., May 7.—Yesterday witnessed the walkout of all the smelter men in the city, and every factory is running under dead fires with the exception of the Cherokee Zinc company's works. The manager issued orders to draw out the fires, pull out the retort and pull out the grates, which means that they have shut down indefinitely.

The men are determined, as well as the operators, and how it will terminate is hard to tell. The trouble arose over a cut of 15 per cent in wages last February, with a promise to restore them as soon as spelter went up in price, and as it

has advanced during the last few weeks the men thought to make a demand, which was not acceded to, and at a recent meeting decided to walk out.

COUNTY COURT.

The County Bonds Will Not Be Refunded.

The county court today considered the proposition to refund the outstanding bonds of the county, as referred to yesterday, but finally dismissed it, for the time being, at least.

The plans of W. S. Epperson for remodeling the county jail were presented and approved, although some minor changes are possible.

The old jail proper will be torn down and a new addition, 61 feet deep and 17 feet high, erected in its stead, adjoining the residence portion of the structure and extending west. In this extension steel cages will be placed, thus making almost certain the safe keeping of prisoners.

Penalties were remitted in two or three tax cases, and this afternoon a road case will come up for consideration.

GOODWIN VS. WOOD.

The \$50,000 Damage Suit Taken Up for Trial Today.

The \$50,000 damage suit of J. West Goodwin against Dr. H. W. Wood for assault was taken up for trial before Judge Field in the circuit court today, after the defense had withdrawn its application for a continuance. The forenoon was spent in selecting a jury, which was secured this afternoon, as follows: J. F. Broyles, W. P. Ferguson, George Brent, James Walker, Zac McFarland, J. D. Heldman, W. W. Carpenter, J. L. Kahrs, R. P. Crums, R. D. McCubbin, D. L. Holcomb, Hade Payne.

It is thought it will require a couple of days to try the case. The attorneys for the defense are Sangree & Lamm, P. D. Hastain and Jackson & Montgomery, while those for the plaintiff are G. W. Barnett, John Cashman and E. J. Smith.

A JOKE ON THE JUDGE.

Frank B. Taylor Labored All Day Sunday, Mistaking it for Saturday.

Jas. R. Smith has a huge joke on his friend, Judge Frank B. Taylor, of Smithton.

Last Sunday the judge and his family mistook the day for Saturday, and the head of the family and his son worked in the field all day, while the usual house work proceeded.

Monday morning the carriage was driven up to the door to take the family to church, when a negro "auntie" expressed surprise and explained the situation, to the supreme disgust of the judge and the members of his family.

Houses Swept Away.

HERRINGTON, Kan., May 7.—The town and surrounding country was flooded by a cloud burst last night. Lime creek, which has been dry for many months, overflowed with water, carrying away houses, horses and cattle. John Williams' house was swept away and his family narrowly escaped drowning. Samuel McManus' house was carried away and wrecked by striking a bridge. Mrs. McManus was drowned. Her body was found lodged in a tree south of town this morning.

Conference on Silver.

JEFFERSON CITY, Mo., May 7.—It leaked out here late last night that the members of the democratic central committee will be invited to attend the races at St. Louis May 11. While in St. Louis it is conceded that the committee will get together and discuss the advisability of calling a silver convention. This is sure.

The Judgment Stands.

The Kansas City court of appeals has affirmed the judgment obtained in the Pettis county circuit court by Mrs. Mary Caton for \$475 damages against the City of Sedalia, because of a fall sustained upon a defective sidewalk a few months ago.

Mint is Wanted.

Mint Johns has been solicited to umpire the Sedalia-Jefferson City ball game on Monday next, but as he has no \$100,000 insurance on his life he has not yet gained his own consent to undertake the task.

A NEW CLUB.

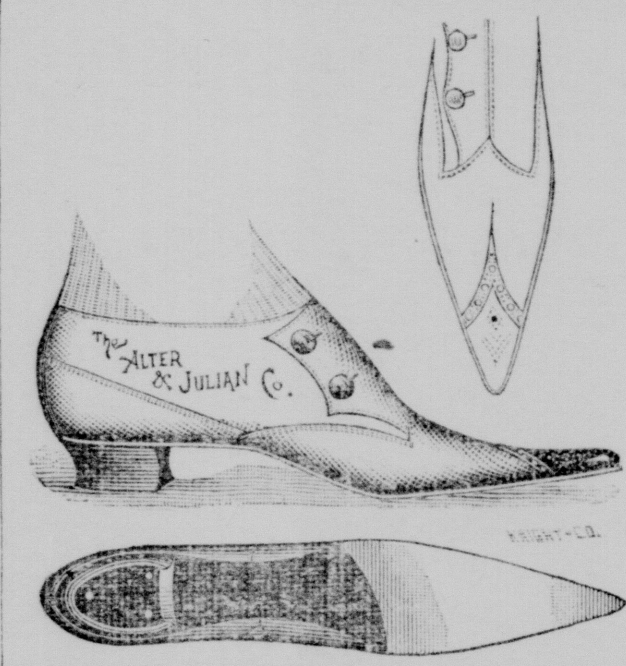

A Bimetallic Club to Be Organized in Sedalia.

Major W. H. Current, G. C. McLaughlin, L. C. Thomas and others have taken the preliminary steps toward the organization of a bimetallic club in Sedalia. The form of the constitution is to be as follows:

1. This club shall be known as the "Sedalia Bimetallic Club."
2. Any person may become a member thereof who advocates the restoration of our financial and mint laws, as they existed prior to 1873, and the full restoration of silver as primary or redemption money, without waiting for the action of any other government on earth. And the object of this club will be to assist in obtaining necessary legislation thereto.
3. The officers of the club are to be a president, vice president, secretary and treasurer, with five directors, to be elected every six months.

Dying in Prison.

Chief of Police Kahrs today received a letter from Warden Pace,

saying that Robert Craig, a convict sent from Pettis county, was dying of consumption, but would be pardoned by the governor if the unfortunate man's relatives here would care for him. Craig says he is a nephew of Thos. Davis, of this city.

The Committee Coming.

A letter was received this morning from L. A. Phillips, St. Louis, saying that the committee on arrangements for the St. Louis City Drummers' association's excursion to Sedalia on Sunday, May 26, will be here Saturday to arrange all the details. There will be two train loads of excursionists, numbering between 1,500 and 2,000.

A Concert by the Sisters.

The Sisters of St. Joseph convent, Fourth street and Washington avenue, will give a concert at the convent building, Thursday night, for the benefit of the school. An interesting programme of music, recitations, declamations, etc., will be rendered and a large attendance is hoped for.

One Case in Court.

Clark Moon, for a plain drunk, was fined \$5 by Recorder Bosserman this morning.

Vegetables are Cheap.

Five cents buys three nice bunches of onions or radishes or peaplant, or two of asparagus or lettuce out of the vegetable safe of W. J. Letts, the East Sedalia grocer.

Are Moving.

A wagon load of groceries, among which was a number of hams, was seen leaving the store of W. J. Letts, and he says that hams are moving out very fast. He sells Armour's, Fowler's, Morrell's and Stilwell's hams. Don't forget the place, corner Fifth and Engineer streets.

ANOTHER BREAK

Is Feared at the County Jail By Sheriff J. C. Porter.

Sheriff J. C. Porter appeared before the county court this morning and asked that he be allowed to appoint a guard, to be paid for by the county, to guard the prisoners confined in the county jail at night, as he is satisfied that plans have been perfected for another jail break.

There are at present confined in the bastile six prisoners under sentence to the penitentiary, but who cannot be taken there until the quarantine is raised, and four others awaiting trial for burglary and larceny.

All are bad men, Sheriff Porter says, and it will be almost impossible to prevent their escape from the old rattle-trap building without a guard to look after them at night.

WILL WED TONIGHT.

J. G. Robinson and Mrs. Dr. W. M. Goodwin the Parties.

J. G. Robinson, who arrived here a few weeks ago from Galena, Ill., will be married tonight, at the home of the bride, on West Third street, to Mrs. Dr. W. M. Goodwin, of cancer cure fame.

The ceremony will be performed at 8 o'clock, by Rev. Dr. P. A. Cool, of the M. E. church, and the bridal couple will leave for a trip to Galena, Ill., and Newark, N. J., after which they will return to Sedalia and be at home to their friends.

Mrs. Goodwin's children are not at all pleased at the match. George, one of the prospective bride's sons, remarked to a DEMOCRAT reporter a few days ago:

"Say, wish you'd find out who that man is stopping at mother's. We children don't know anything about him, but we believe mother's going to marry him. That would beat we children out of the property, and that's why I want you to find out who the fellow is and what his intentions are. Mother's too old to marry, and nobody would want her if she hadn't considerable property."

The DEMOCRAT did not investigate, however, but yesterday Mrs. Goodwin informed the writer of the programme for tonight, and as she is sufficiently versed in the matrimonial line to know what she is about the DEMOCRAT extends its congratulations in advance of the ceremony and wishes for both bride and groom happiness without end.

State Treasurer Stephens Writes An Eloquent Letter.

FAVORS SILVER COINAGE.

The Idea of a State Convention to Declare the Policy of the Party Endorsed.

State Treasurer Lon V. Stephens, one of the best informed financiers in the state, a banker born and bred, but one who, looking at national issues from the stand-point of patriotism and democracy, had the courage to declare for free coinage of silver before a bankers' convention in Chicago in 1893, writes the following eloquent letter to Hon. J. W. Sullinger explaining his inability to be present at the recent caucus of democratic leaders at Jefferson City and declaring unequivocally in favor of free coinage and of a state convention to proclaim the doctrine of the party on the subject.

The letter, which should be read by every democrat in Missouri, follows:

JEFFERSON CITY, Mo., May 2, 1895. Hon. James W. Sullinger, Jefferson City, Mo.:

DEAR SIR: I regret that I will be deprived of the pleasure of attending the caucus meeting tonight by reason of an engagement previously made, and I write to authorize you to say for me, if my views are of any interest to the caucus, that I am for the free and unlimited coinage of both gold and silver on terms of exact equality, at the ratio of 16 to 1; and for the restoration of the silver metal to the place it held prior to the disastrous act of demonetization passed in 1873.

The democrats of Missouri must awake to the importance of the present struggle. They have always been the people's friends, and in this conflict now on they will not desert them, but will take up the cause with renewed vigor and determination for right, justice, humanity, for the weak and defenseless. If the silver dollar is a dishonest dollar, republican treachery made it so, and the democratic party, the friend of the dollar of our daddies, will restore its honor and integrity and make it welcome into every market and pocket of the world.

Let the "campaign of education," as suggested by President Cleveland, proceed. I don't agree with our president, especially on the money issue, but in this suggestion I am with him. The right sort of education makes people honest, broad-gauged; it drives greed and selfishness from their hearts and love, charity and sympathy take their place.

The gold monometallists are more active than ever throughout the whole country. A meeting, widely advertised, of significance and importance, as you are aware, is to be held in Memphis, Tenn., within a short time, to be addressed by Secretary Carlisle and others of national fame—a golding affair strictly. Friends of silver cannot afford to be idle a day.

In my judgment our democratic state central committee should call for an early convention in Missouri for the purpose of an old fashioned love feast and a conference, and to ascertain and to give to the world, the sentiments of our people with reference to the silver question, and for the further purpose of then and there beginning upon the work of reorganization of the party to extend into every voting precinct in the state. It is all important that we meet and begin upon this fight without further delay.

We cannot gather strength by irresolution and inaction. The enemy is unscrupulous, daring, powerful and very active. The struggle will be bitter, relentless and prolonged, but I am firmly of the opinion, if we do our duty, that right will triumph and the people will win.

Our platform must be uncompromising and unequivocal. There must be a straightforward declaration on which bears no semblance to a compromise or a straddle. The moral effect of an early convention in Missouri will be felt throughout the whole country and the cause of silver will thereby be greatly strengthened.

It is well to prepare in advance the minds of our people for the great conflict of 1896. Let us reason together and "fight each other" if necessary this year, but next year we must present a solid front, hold aloft the people's banner and fight—the common enemy.

I question the integrity of no man's convictions. I realize some of our best democrats differ with me. We must be prudent and conservative and win over those who differ with us—we must not drive them further away. I see no reason why any possible harm could come from a gathering of our friends for the purpose of discussing with each other a great economic question. I trust that within the next few months this convention may be had.

With free silver as our issue, with a reorganization in every school district in the state, with factionalists and mischief-makers invited to take a few years' rest, there is no doubt in my mind of continued democratic supremacy in Missouri for many years—by increased majorities.

Very respectfully,
LON V. STEPHENS.

By the way, Manager Harrah and Secretary Chapman should see to it before the departure of the home team that a competent and impartial man will be chosen, and not go it blind and at the last moment be forced to accept a Jefferson City player, who would resort to anything to bring victory to his club.

It would be a calamity to turn

is alert to the danger, and he has

the courage to combat even so

powerful an antagonist. The general

assembly may fail to act up to the

only consistent doctrine that bimetal-

allists can proclaim is the free and

unlimited coinage of the two metals

at such ratio as the unlimited coin-

age demand shall create. It is im-

possible to arrive at a correct ratio

when the one metal is coined and

the other is not, and the only fair

and just procedure is to restore sil-

ver at the old ratio of sixteen to

one, and then, if that is found to be

incorrect, determine by investiga-

tion what is an honest dollar and

coin such dollars out of gold and

silver, putting an honest dollar's

worth of coin into each dollar. Free

coinage democrats believe that six-

teen to one will be found the cor-

rect ratio.

WILL THE COMMITTEE ACT?

The subject of a state convention

to declare the policy of the Mis-

souri democracy, to allay the fac-

tional fight now going on and to

provide a plan of thorough and

complete party organization in the

state is being urged by the rank and

file of the party.

To be sure there is no room for

doubt as to the sentiments of the

Missouri democracy on the silver

question, but there can be no harm

in again declaring the doctrine of

the party so plainly that every dem-

ocrat may understand it and realize

that he is fighting his party when he

opposes free coinage.

The need of organization and un-

ification can hardly be disputed, and

it is better that this be done in ad-

vance of an active campaign for

nomination.

The following from the Aurora

Advertiser is worthy the attention

of every democrat:

"The question is being agitated through-

out Missouri as to the advisability of holding

a state convention for the purpose of ascer-

taining the sentiment of the party on the

silver question. Recently the Post-Dis-

patch sent to a number of prominent dem-

ocrats in the state a circular letter asking

an expression on the advisability of calling

such a convention, a great majority of those

responding were heartily in favor of the

proposition. Now why should we not hold

a convention for this purpose? It is true

the state committee is not in duty bound

to call such a convention, but it is clearly

their privilege to do so if they see proper, or if

a large and respectable number of good,

active working democrats petition them

to do so it should be their duty. There can

be no harm in permitting the masses of the

people to meet and express themselves on

this or any other question; the silver ques-

tion is the burning issue of the day, and it

is the issue upon which the great political

battle will be fought in 1896. Party plat-

forms must be clear and distinct, no straddle

on the money question will fool the voter in

1896. For the last three years the common

people have been looking into this question

themselves, the Chinese somersault of Mr.

Carlisle gave warning that politicians were

Some Meat That Has Not Advanced.

Notwithstanding the fact that all

classes of fat stock have advanced

out of sight of all expectation, the

Newton Meat Co. wish to call the

attention of the public generally

that they have not advanced the

price on their prime Sunday roast

beef, and they are selling more of

those fine roasts than ever, for they

are something that is hard to get

elsewhere. For this reason we have

the largest amount of cold storage

by one-half than any two other

markets in Sedalia, and we cut our

prime roasts off several days before

they are offered for sale and put

them away in our mammoth refrig-

erators and when they come out and

are sent out to our customers

they never fail to give the very best

satisfaction. This is something that

cannot be had elsewhere in Sedalia.

In fact all of our meats are held

in our cold storage vaults for sev-

eral days before they are offered

for sale. This is why they give

much better satisfaction than you

get elsewhere.

We notice one fact which will

give an idea of what estimation is

placed upon our meats. Whenever

any family is expecting company

and want something extra and

prime they always call on Newtons

to furnish the meats. Why is this?

You all know.

Come in. You will always re-

ceive the best of treatment and the

MOTHERS

and those soon to become mothers, should know that Dr. Mott's Favorite Prescription for Women is the best to take before confinement, or at least it proved so with me. I never suffered as little with any of my children as I did with my last, and she is the healthiest we've got. Have induced several to try "Favorite Prescription," and it has proved good for them.

"My Food Does Me No Good."

In any city there are many possible ways to travel from one point to another. But between the food on your table and its destination in the body there is only one road—directly through the stomach. There is no going around the stomach or forcing a passage through it. Here the food is detained a while for better or worse. Here it must be digested—that is to say, changed, liquefied and assimilated for use by the body. If it fails in that, it must lie in wait, rotting, generating poisonous principles which enter the blood and set up a diseased action throughout the system. This is indigestion or dyspepsia—the condition that exists when a person says, "My food does me no good."

Certainly not. How can it? The more he eats the more he suffers. The road is blocked. No use putting more grain in the hopper when the mill cannot grind. Here are some of nature's protests: Loss of appetite; distress after eating; heartburn; palpitation; flashes of heat and cold; the rising of nauseous acids and gases into the throat; furred tongue; dull and aching head; pains in the chest and back; weariness, fatigue and worry; loss of sleep; cold hands and feet; yellowish eyes and skin; weakness and trembling; constipation; failure of nervous force and courage, etc., etc. Out of this seething blockade in the stomach may come any of a dozen local complaints among them. Yet you must eat or starve. Miserable dilemma.

Drastic measures won't do. Take a very little light nourishment at first and immediately after it a dose of the Shaker Digestive Cordial, the only radically effective remedy for indigestion or dyspepsia—prepared by the Shaker community of Mt. Lebanon, N. Y. It will relieve at once and cure quickly. Made from cultivated medicinal herbs and plants grown by the Shakers. Pleasant to the taste, painless and harmless.

Sunday School Workers.

A short time ago the executive committee of the Pettis County Union Sunday School association called for volunteers from the various churches to assist in the annual house to house visitation on next Thursday, the 9th inst., in the interest of Union Sunday school work. The response has been prompt and hearty and is creditable to the christian workers of Sedalia. Nearly one hundred names have been sent in, and it is thought that enough more will respond to complete the canvass in one day, as contemplated. The volunteers meet at the Y. M. C. A. rooms tonight to complete all arrangements.

While in Stockton, Cal., some time ago, Thos. F. Langan, of Los Banos, that state, was taken very severely with cramps and diarrhoea. He reached to meet Mr. C. M. Carter, who was similarly afflicted. He says: "I told him of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and we went to the Holden drug store and procured a bottle of it. It gave Mr. Carter prompt relief, and I can vouch for its having cured me."

Eureka Chemical and Mfg Co., La Crosse, Wis. Dear Sirs—I have been a tobacco fiend for many years, and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physician told me I must give up the use of Baco, and various other remedies, but without success, until I accidentally learned of your Baco-Curo. Three weeks ago today I commenced using your Baco-Curo, and to-day I consider myself completely cured. I am in perfect health, and the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it. Yours very truly, C. W. HORNICK.

RAILROAD RUMBLE.

A New Fellow-Servant Bill Introduced

AT JEFF. CITY YESTERDAY

Items of Interest Picked Up From Various Sources for the Benefit of "Democrat" Readers.

At Jefferson City, yesterday afternoon, the senate labor committee, by a vote of seven to three, reversed itself and reported an exclusive railroad fellow-servant bill, radical in its nature and conforming absolutely to the terms of the governor's call. The bill reported reads:

"SECTION 1. Every corporation in this state owning or operating any railroad shall be liable for all damages sustained by any employee thereof resulting from the negligence of any other agent or employee of such corporation while engaged in the service of such corporation."

"SEC. 2. No recovery shall be had by any person by this act when the person injured shall be guilty of negligence directly contributing to such injury. Any contract by which any person may waive in advance any right he may have under this act shall be illegal and void as against public policy."
